AVINASH MUNDHE

UI/UX DESIGNER | FRONT-END DEVELOPER

PROFILE

Creative UI/UX Designer passionate about building intuitive, developer-friendly, and visually striking digital experiences. Skilled in Figma, front-end coding, and interactive prototyping, I design seamless user flows and bold Web3-inspired interfaces. With 4+ years of project experience across websites, digital products, and storytelling portfolios, I aim to craft world-class UI/UX Design.

PROJECTS

BMW Reimagined <https://avinashxhhh.github.io/BMW/>

Transformed BMW's website into a sleek, modern platform with a black theme, interactive UI, smooth animations, and advanced car filtering using HTML, Tailwind CSS, JavaScript, GSAP, and Locomotive JS.

99Invites - Digital Invitations <https://avinashxhhh.github.io/99invites/>

Created an advanced Digital invitations website with a unique mobile view, smooth horizontal scroll, and customizable themes for a personalized experience.

Sunbridge Redesigned <https://avinashxhhh.github.io/sunbridge/>

Corporate website for Sunbridge Global, built to showcase their expertise in Dynamics 365 and enterprise-level software solutions.

Agilite Redesigned <https://avinashxhhh.github.io/avinashxhhh/agilite.html>

Agilite is Israel's number one tactical gear brand. Agilite's creative equipment is supplied to Special Forces Units in Israel, US and around the world.

Interior Design Agency <https://aluxuryinteriors.com/>

A modern, aesthetic web presence for an interior agency, built to highlight visual storytelling and clean UI design.

WORK EXPERIENCE

UI/UX Designer

MOTM TECHNOLOGIES | FULL-TIME | 2025 – PRESENT

- Leading the design strategy for client projects, focusing on end-to-end user journeys and product interfaces.
- Creating wireframes, high-fidelity designs, and prototypes to align with stakeholder needs.
- Collaborating with engineers to ensure pixel-perfect design handoff and usability improvements.
- Building design systems and reusable components to speed up product development cycles.

Graphic Designer & Paginator

AFFINITYX | NOV 2024 – APR 2025 | ON-SITE

- Designed print and digital creatives including ads, layouts, and marketing collateral.
- Applied visual hierarchy principles to improve readability and brand consistency.
- Collaborated with senior designers and production teams to meet client specifications and deadlines.

SKILLS

Front-End Development

- HTML5, CSS3, Tailwind CSS
- JavaScript, ReactJs, NextJS
- GSAP, Locomotive Scroll
- Responsive Design
- Cross-Browser Compatibility
- UI/UX Design & Microinteractions

Back-End & Dev Tools

- Git & GitHub

Design & Prototypings

- Figma, Adobe Photoshop
- Illustrator, Premiere pro, Canva

Core Strengths

- Strong Communication
- Creative Problem Solving
- Client Understanding & Collaboration

Full Stack Web Development Intern (Remote)

Tech King Solutions India | Feb 2024 - June 2024

- Successfully completed a 20-week online internship focused on Full Stack Web Development, acquiring practical skills in both front-end and back-end technologies.
- Actively contributed to the development and enhancement of web applications, utilizing technologies such as HTML, CSS, JavaScript, React.
- Collaborated remotely with senior developers and cross-functional teams, delivering high-quality code and meeting project deadlines.

Freelance Web Developer & UI/UX Designer

2021 - PRESENT

- Accumulated 4 years of experience in delivering high-quality web development and UI/UX design services to a diverse range of clients.
- Successfully completed numerous projects, including full website builds, UI/UX design enhancements, and web application development, using technologies like HTML, Tailwind CSS, JavaScript, and GSAP.
- Collaborated with clients to understand their needs and deliver customized, scalable solutions that improved user engagement and overall performance.
- Developed strong problem-solving skills and the ability to adapt to varying client requirements and industry standards.

KEY SKILLS

- **UI/UX Design:** Wireframing, Prototyping, Information Architecture, Design Systems, Data Visualization, Microinteractions
- **Tools:** Figma, Canva, Adobe XD, Photoshop, Illustrator, Premiere Pro
- **Front-End (for UX handoff):** HTML5, CSS3, Tailwind CSS, JavaScript, ReactJS, GSAP, Locomotive Scroll
- **Core Strengths:** Communication, Design Thinking, Creative Problem-Solving, Cross-Functional Collaboration

ACHIEVEMENTS

Top 3 in India – Reimagined Hackathon 2024

- Ranked in the top 3 in India for the first-round project, which involved reimagining the BMW website with a modern, interactive design and a black-themed user interface.
